

Cactus

Environmental Policy Statement October 4, 2019

Cactus, Inc. is committed to reducing its impact on the environment. We will continue to strive to improve our environmental performance over time and to initiate projects and activities that will further reduce our impact on the environment.

Our commitment to the environment extends to our customers, our Associates and the communities in which we operate. We also expect our suppliers and vendors to join us in our efforts to reduce environmental impacts via our Code of Vendor Conduct. To that end, we are committed to the following:

- Compliance with all applicable environmental regulations;
- Seeking to use resources efficiently and reduce waste;
- Avoiding environmental damage resulting from our operations;
- Reviewing and improving our Environmental Management System (“EMS”). [Note that our EMS is not ISO 14001 certified.]
- Educating our Associates about our Environmental Policy Statement and encouraging their efforts to help fulfill our commitment to reducing our impact on the environment.
- Communicating our environmental commitment to our suppliers and vendors, as well as our customers, our Associates and the public.
- Working to improve the fuel economy of our fleet by routinely updating our fleet, ensuring proper maintenance, reducing idling time and avoiding unnecessary travel. In 2018, our fleet consumed 629,000 gallons of fuel. [Note that 0% of the consumption is from renewable resources.]
- Improving our water recycling program currently in place in 20 locations. We estimate that in 2018, approximately 8 million gallons of water was treated for reuse in our recycling program.
- Board oversight and consideration of climate-related risks and opportunities as part of our Enterprise Risk Management process which is conducted semi-annually.
- Recognizing that the right to water is a fundamental human right.
